

INFORMATION

MESUCO-RIG-CLEAN

INDUSTRIAL DETERGENT

DESCRIPTION

MESUCO-RIG-CLEAN is a water-based cleaner and degreaser especially developed to remove oil, fuel, grease and dirt deposits. By action of a special blend of surfactants, this unique cleaner penetrates and disperses these deposits so that they can easily be washed away with water, leaving no oily film.

APPLICATION

MESUCO-RIG-CLEAN is recommended for the following uses:

- Multi-purpose cleaning around rigs, offshore platforms, shop areas, etc.
- Water spray - 1 part MESUCO-RIG-CLEAN to 10 parts water.
- High pressure water or vapor spray - 1 part MESUCO-RIG-CLEAN to 20-40 parts water.
- Hot high pressure water or steam spray - 1 part MESUCO-RIG-CLEAN to 50-100 parts water.
- Solvent wash tanks - 1 part MESUCO-RIG-CLEAN to 5 parts kerosene.

LIMITATIONS

MESUCO-RIG-CLEAN, like other water-based degreasers, will freeze at temperatures below 32° F and, tends to be slightly corrosive to mild steel.

PACKAGING

MESUCO-RIG-CLEAN is normally available in export quality 5 U.S. gal pails or 55 U.S. gal steel drums.

MESUCO-RIG-CLEAN is a Messina trademark
